# LETTER FROM THE PRINCIPAL

We are looking forward to this month to come to celebrate Ramadan! We connected the theme of the month, 'Me and my community' with Ramadan, to make it easier for our children to learn what they should and shouldn't do and what to say. It is a more accessible approach for our children to have fun while learning.

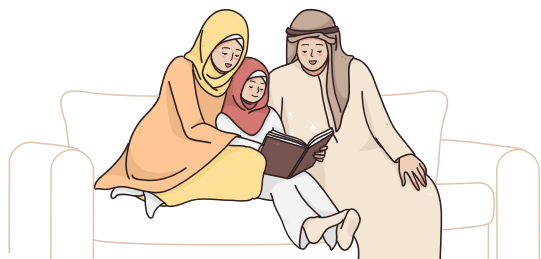

# ME AND MY COMMUNITY

It is a great way to start this month with this topic because it helps our children to learn more about the people around them. It is important to show them how to be kind, helpful, play with each other and be good with people. We mixed the theme with Ramadan since they are similar in how they interpret Community.

# Quran Competition

This month we had a Quran competition! It was really inspiring that our children memorized the surat and were able to pray it smoothly without mistake. They make us proud.

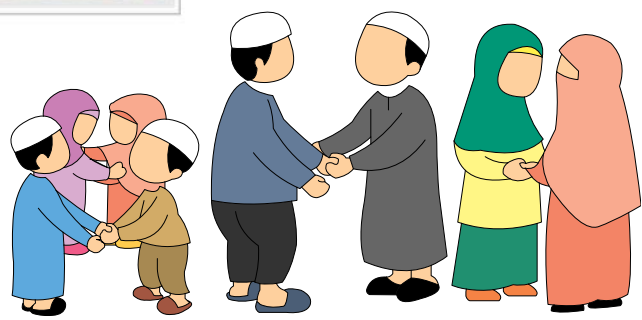

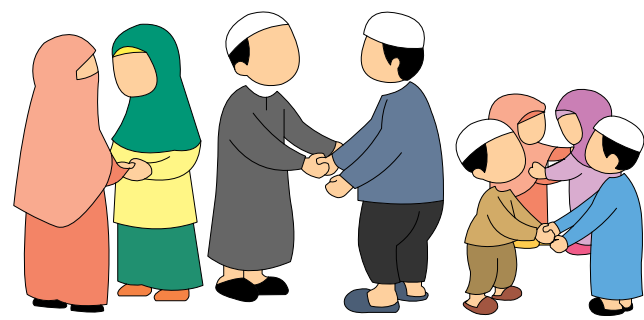

---

# Eid-Al Iftar

At the end of this month, we celebrated Eid-Al Iftar with our lovely children. It was filled with joy and tasty food for our children to enjoy the eid spirit as well as wearing attire that suit the eid.

---

# LETTERS

Our children learn the letters Z-W-V with Arabic letters such as م - ل - ك - ق . We give our children lots of examples to be able to memorize and distinguish between the letters such as exercise, pictures, and toys.

# Star and Crescent

This month we focused on the shape of the star and crescent since they are related to Ramadan. We decorated the nursery with stars and crescents to let the children experience the Ramadan atmosphere.

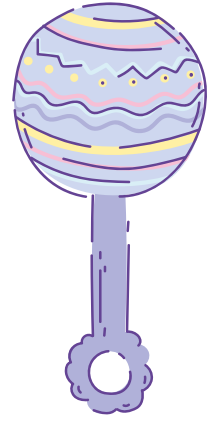

---

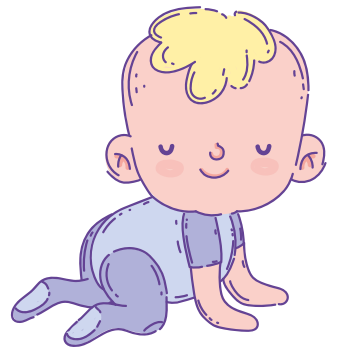

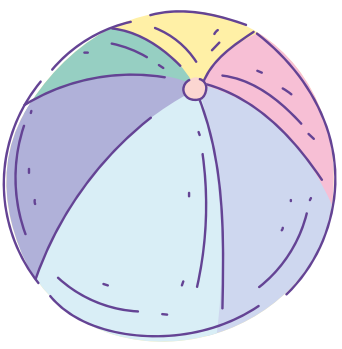

# CUTE BABIES

We got new pictures to share with our lovely babies!
