# LETTER FROM THE PRINCIPAL

This month is important for us the moms. We celebrate many events such as Emirates Children's Day, Sports Day, Mother's Day, and Ramadan Party, we are excited to celebrate them with our children. I would love to thank all the parents who helped their children to participate Transportation Creativity Project.

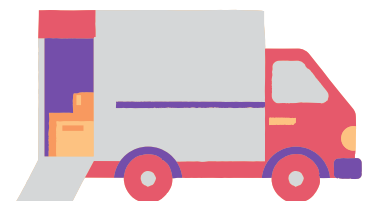

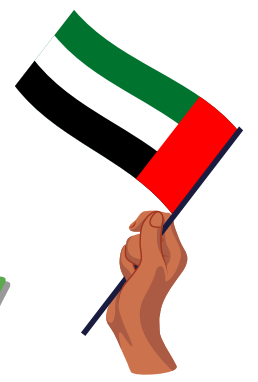

# TRANSPORTATION

This month's theme is about transportation! It was a really fun learning process for our children to learn more about transportation and which category they fall into such as air, sea, and land transportation. Also, we did lots of activities and we use math to count cars, planes, and wheels. In addition, we teach them colors to differentiate between the cars.

# EMIRATI CHILDREN'S DAY

On 15th March we celebrated Emirati Children's Day. It was a lovely event that we celebrated at the playing area outside. Our children were interactive and having fun, many of our children wore their tradition clothes.

# sports day

On 17th March, we had a sports day! It was nice weather outside, it was filled with an energetic atmosphere, and lots of children were active and having fun. They played lots of games and danced to music!

# MOTHER'S DAY

It was Mother's Day on March 21st. We played beautiful songs about mothers and how they are important to us. Also, we distribute flowers to our children's mothers to show them how much we appreciate them.

# TRANSPORTATION PROJECT

This month our children participated in a transportation project by using their creativity to craft cars, planes, boats, buses, and many more for the nursery. We gave our children who participated a certificate and a gift!

# Ramadan Party

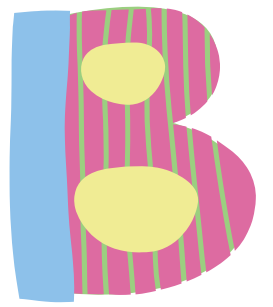

On the 31st of March, we had a party to celebrate the upcoming Ramadan. We decorate and craft Ramadan lanterns, and we read stories about Ramadan. We portrayed Mosaharati inside the nursery, also we had gathering for Foutor. It was an interesting day for our children to learn about Ramadan.

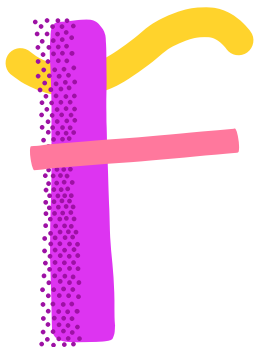

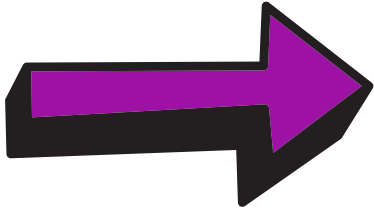

# LETTERS

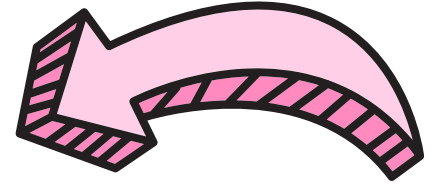

Our children learn the letters B - F - G with Arabic letters such as ف - غ - غ. We give our children lots of examples to be able to memorize and distinguish between the letters such as exercise, pictures, and toys.

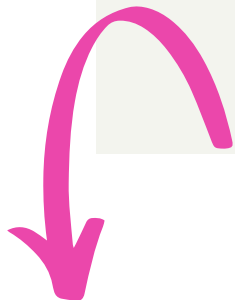

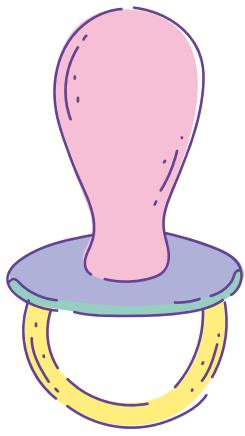

# ARROWS!

This month we focused on the shape arrow and directions. We did exercises and we taught our children how to move and follow the sign, we also applied it on the road/transportation activities to make it fun and easy to learn.

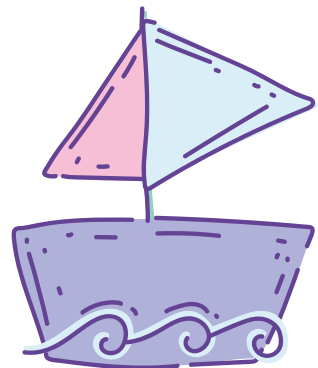

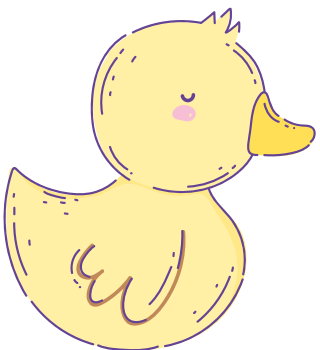

# CUTE BABIES

We got new pictures to share with our lovely babies!
